The following is an examiner's statement of reasons for allowance: The prior art rejection has been removed and claims 9-11 are considered allowable over the prior art of record for the reasons argued by applicants and also because upon reconsideration, it is not clear, and thus it would not have been obvious, that an apparatus of the type described by Carlson, Wanlass and Suda would provide a gas flow pattern that would be successful in accomplishing the purpose of Walter's apparatus.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Richard Bueker whose telephone number is (571) 272-1431. The examiner can normally be reached on 9 AM - 5:30 PM, Monday-Friday.
